BABNEY OLDFIELD ARRESTED.

Reckless Rider and Manager Are Up on Serious Charge in Portland.

FORTLAND, DRE., July 6.—Barney Oldfield, the automobile racer, was arrested and a warrant issued for E. A. Moross, Oldfield's business manager, on charges of obtaining money under faise pretenses.

The warrants were issued at the instance of the Evening Telegram, and are an outgrowth of automobile contests in this city. Oldfield was released on \$500 ball. The Telegram charges that Oldfield and his manager used the name of a local automobile club for the purpose of gaining prestige and without the sanction of the club; that the promoters of the race meet offered a cand fraces when they knew none of the entires listed intended to participate, and that in general the meet was a fake.

Oldfield denies the accusation emphatically. Oldfield saldto-day: "Everyentry was certainly made just as was represented on the program. I was given to understand by my manager that a majority of the board of directors of the local automobile club sanctioned the use of their name in connection with the meet. The charge is absolutely groundless, as will be proved when the case comes to trial, if it ever does."

A lot of harm and trouble may be avoided through warning these deluded in-dividuals."

It appears since the rise of Jockey "Marvelous" Miller, with all the newspaper talk of his enormous money-carning capacity and regal life, a craze among parents to have ther little boys schooled into Jockeys has been pestered to distraction by would be jockeys and their parental guardians, who come around to the stables at Sheepshead Bay and Brighton Beach filled with the idea of their diminutes sons some day emulating little Miller.
